

Owner Parking Decals

- Each unit owner is issued two (2) parking decals by the Condominium Owners Association (COA) office at no cost
- The decal is to be displayed in the front lower bottom windshield on the driver's side of the vehicle
- The decal should be removed if the vehicle is sold or the windshield is replaced. If the decal can be reused then it should be placed on the new vehicle or new windshield. If the decal will not adhere to the windshield it should be returned to the COA office for a replacement decal
- When a condo unit is sold, the selling owner is to remove the owner decals from their vehicles and return to the COA Office
